

## Consulting Pharmacist Job Posting

We are searching for an energetic individual who is enthusiastic about working in a community-based primary care setting. The Pharmacist will be a key member of an interdisciplinary team of health care providers including Physicians, Nurses, Nurse Practitioners, Dietitian, Occupational Therapist and Social Worker.

### Job Summary:

Working in collaboration with an interdisciplinary team, the Pharmacist practices patient-centred care to achieve optimal drug therapy outcomes. The Pharmacist uses unique knowledge and skills to prevent or resolve actual and potential drug-related problems. The Pharmacist also participates in the development, implementation, and facilitation of various patient educational programs.

### Qualifications and Experience:

- Bachelor of Science in Pharmacy from an accredited University
- Registration with the College of Pharmacy in Ontario
- **PharmD, or hospital residency or equivalent experience**
- **Minimum 5 years related or applicable experience as a pharmacist in a community, hospital, or primary care setting**
- **Additional training or credentialing in pharmacotherapy – Certified Diabetes Educator (CDE) or Certified Geriatric Pharmacist is preferred**
- Experience in program development, implementation, monitoring and evaluation

### Roles and Responsibilities:

The role and responsibilities of the Pharmacist include but are not limited to:

1. Individual Patient Assessment: To identify, prevent and resolved medication-related issues
2. Consultation based on referrals from Interdisciplinary team members – including Medication Reconciliation, provide drug-related recommendations, or evidence-based information or education to team members
3. Design and facilitate education programs to patient, caregivers, team members on various therapeutic topics
4. “Seamless” Care – Communicate with hospital and community pharmacists and other team members as required to ensure smooth transition for medication related care between care sites.
5. Recommend improvements to Medication Use Process including drug prescribing, handling of drug samples, documentation, etc.

*Interested qualified candidates are asked to submit a resume to: [directorwdfht@gmail.com](mailto:directorwdfht@gmail.com)*
